

Employer Learning Community (ELC)

Employer Learning Community (ELC) Series —
is a space to get program updates, share feedback, access technical assistance, and connect with fellow providers and ELEVATE partners.

Co-hosted by **Policy & Innovation Center (PIC)** and **Trailhead Strategies**, the ELC convenes behavioral health providers across San Diego County through events, webinars, and meetings over the next five years.

Each session provides opportunities to:

- Get the latest updates on ELEVATE programs
- Ask questions, raise issues, and explore engagement opportunities
- Connect with education institutions, training providers, and other partners
- Access training and technical assistance on hiring and retention
- Learn from peer organizations about workforce best practices
